RE: Drummer/Percussionist for Musical Productions

Hello,

I am an actor/musician living in the Chicago area. I moved here two years ago after graduate school and I worked in the Atlanta area for about six years before that. In Atlanta, I played drums for musical theatre in between my acting work. I booked all of my drumming gigs through referrals within a small community of musicians working in the theatre. After two years in Chicago, I am just scratching the surface of meeting people in the theatre community, but I haven't met many folks within the musical theatre community. I have attached a resume with my relevant drumming experience. If you find yourself in the market for an experienced musical theatre drummer/percussionist, please give me a call or shoot me an email.

Thanks for your time,

Jeremy Lee Cudd
